11 **“GENERAL PROVISIONS**

12 “(a) STATEMENT OF POLICY.—It is recognized that
13 in certain cases municipalities in Vermont and New
14 Hampshire may, in order to avoid duplication of cost and
15 effort, and in order to take advantage of economies of
16 scale, find it necessary or advisable to enter into agree-
17 ments whereby joint public water supply facilities are

1 erected and maintained. The States of Vermont and New
 2 Hampshire recognize the value of and need for such agree-
 3 ments, and adopt this compact in order to authorize their
 4 establishment.

5 “(b) REQUIREMENT OF CONGRESSIONAL AP-
 6 PROVAL.—This compact shall not become effective until
 7 approved by the United States Congress.

8 “(c) DEFINITIONS.—

9 “(1) The term ‘public water supply facilities’
 10 shall mean publicly owned water supply sources,
 11 storage, treatment, transmission and distribution fa-
 12 cilities, and ancillary facilities regardless of whether
 13 or not the same qualify for Federal or State con-
 14 struction grants-in-aid.

15 “(2) The term ‘municipalities’ shall mean cities,
 16 towns, village districts, or other incorporated units
 17 of local government possessing authority to con-
 18 struct, maintain, and operate public water supply fa-
 19 cilities and to raise revenue therefore by bonding
 20 and taxation, which may legally impose and collect
 21 user charges and impose and enforce regulatory con-
 22 trol upon users of public water supply facilities.

23 “(3) The term ‘water supply agency’ shall mean
 24 the agencies within Vermont and New Hampshire
 25 possessing regulating authority over the construc-

tion, maintenance, and operation of public water supply facilities and the administration of grants-in-aid from their respective State for the construction of such facilities.

“(4) the term ‘governing body’ shall mean the legislative body of the municipality, including, in the case of a town, the selectmen or town meeting, and, in the case of a city, the city counsel, or the board of mayor and aldermen or any similar body in any community not inconsistent with the intent of this definition.

“ARTICLE II

“PROCEDURES AND CONDITIONS GOVERNING INTERGOVERNMENTAL AGREEMENTS

“(a) COOPERATIVE AGREEMENTS AUTHORIZED.—

Any two or more municipalities, one or more located in New Hampshire and one or more located in Vermont, may enter into cooperative agreements for the construction, maintenance, and operation of public water supply facilities serving all the municipalities who are parties thereto.

“(b) APPROVAL OF AGREEMENTS.—Any agreement

entered into under this compact shall, prior to becoming effective, be approved by the water supply agency of each State, and shall be in a form established jointly by said agencies of both States.

1 “(c) METHOD OF ADOPTING AGREEMENTS.—Agree-
 2 ments shall be adopted by the governing body of each mu-
 3 nicipality in accordance with statutory procedures for the
 4 adoption of interlocal agreements between municipalities
 5 within each State; provided, that before a Vermont mu-
 6 nicipality may enter into such agreement, the proposed
 7 agreement shall be approved by the voters.

8 “(d) REVIEW AND APPROVAL OF PLANS.—The water
 9 supply agency of the State in which any part of a public
 10 water supply facility which is proposed under an agree-
 11 ment pursuant to this compact is proposed to be or is lo-
 12 cated, is hereby authorized and required, to the extent
 13 such authority exists under its State law, to review and

 17 and to supervise and regulate the planning, design, con-
 18 struction, maintenance, and operation of said part of the
 19 facility.

20 “(e) FEDERAL GRANTS AND FINANCING.—(1) Appli-
 21 cation for Federal grants-in-aid for the planning, design,
 22 and construction of public water supply facilities other
 23 than distribution facilities shall be made jointly by the
 24 agreeing municipalities, with the amount of the grant at-
 25 tributable to each State’s allotment to be based upon the

1 relative total capacity reserves allocated to the municipali-
 2 ties in the respective States determined jointly by the re-
 3 spective State water supply agencies. Each municipality
 4 shall be responsible for applying for Federal and State
 5 grants for distribution facilities to be located within the

11 which the municipality that does not own the joint
12 public water supply facility will pay the other mu-
13 nicipality its share of the maintenance and operating
14 costs of said facility.

15 “(g) APPLICABILITY OF STATE LAWS.—Cooperative
16 agreements entered into by municipalities under this com-
17 pact shall be consistent with, and shall not supersede, the
18 laws of the State in which each municipality is located.
19 Notwithstanding any provision of this compact, actions
20 taken by a municipality pursuant to this compact, or pur-
